

# The Power of Comprehensive Genomic Profiling Testing

June 18th, 9am PDT

| Date   | Time             | Track | Presentation Title  | Speaker   |
|--------|------------------|-------|---|---|
| 18-Jun | 09:00 - 02:00 PM |       | Comprehensive Genomic Profiling from Liquid Biopsy Samples              | Alison Roos, PhD<br>Associate Director Medical Affairs, Illumina  |
| 18-Jun | 09:00 - 02:00 PM |       | Flexible Capabilities to Enable Comprehensive Genomic Profiling         | Jeff Conroy<br>Chief Scientific Officer and Director Genomics Technologies OmniSeq Inc.,<br>Roswell Park Comprehensive Cancer Center<br>Jeremy Wallentine, MD<br>Pathologist Intermountain Health<br>Nikoletta Sidiropoulos, MD<br>Associate Professor & Director Molecular Pathology University of Vermont<br>Larner College of Medicine<br>Moderator: Sue Beruti, MD, MHA<br>Sr. Medical Director, Clinical Genomics Illumina |
| 18-Jun | 09:00 - 02:00 PM |       | Implementing CGP + HRD testing in-house in a large US Healthcare System | Carlo Bifulco, MD<br>Director of Molecular Pathology and Pathology Informatics Providence St. Joseph Health<br>Brian Piening, PhD<br>Associate Member at Earle A. Chiles Research Institute Technical Director<br>Clinical Genomics at Providence St. Joseph Health   |
